

Long-term agreement to supply 98% concentrated sulfuric acid

Tender No.:145/2025/BTB (Q78508 (53))

Controlling Authority Reference Number:Q78508 (53)

Tender Description

98% Concentrated Sulphuric Acid (H₂SO₄) is required for the regular operation of various BMP units such as demineralized water unit, condensate polishing unit, spent caustic treatment unit, and cooling towers. The expected annual consumption is approximately 900 tons, which will be delivered in various packages such as tanker trucks as well as intermediate bulk containers. Bidders are invited to submit their bids for a long-term agreement for the supply of H₂SO₄ according to the requirements, quality, and quantities specified in the RFP.
