The following process shall apply: (a) The PE may reject a tender if the PE has determined that the price in combination with other constituent elements of the tender is abnormally low in relation to the subject matter of the procurement (scope of works or services) and raises concerns as to the ability of the tenderer that presented that tender to perform the contract. (b) Before rejecting an abnormally low tender the PE shall: request the tenderer an explanation of the tender or of those parts which it considers contribute to the tender being abnormally low; take account of the evidence provided in response to a request in writing; and subsequently verify the tender or parts of the tender being abnormally low. 	19.5	All payments shall be made in the currency or currencies specified in the SCC pursuant to GCC 19.4
20. Prices	20.1	The contract price shall be as specified in the Contract Agreement Subject to any additions and adjustments thereto or deductions there from, as may be made pursuant to the Contract.
	20.2	Prices charged by the Supplier for Goods delivered and Services performed under the Contract shall not vary from the prices quoted by the Supplier in its Tender, with the exception of any price adjustments authorized in SCC or in the Purchaser's request for Tender validity extension, as the case may be.
	20.3	Prices payable to the Supplier, if subject to adjustment during performance of the Contract to reflect changes in the cost of labour and material components shall be done in accordance with the formula shown by GCC 20.4.
	20.4	Price Adjustment Formula If in accordance with GCC 20.2 and 20.3, prices shall be adjustable, the following method shall be used to calculate the price adjustment:

		Prices payable to the Supplier, as stated in the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labour and material components in accordance with the formula: $P1 = P0 [a + bL_1/L_0 + cM_1/M_0] - P0$ Whereby $a+b+c = 1$ in which: $P1$ = adjustment amount payable to the Supplier. $P0$ = Contract Price (base price). a = fixed element representing profits and overheads included in the Contract Price and generally in the range of five (5) to fifteen (15) percent. b = estimated percentage of labor component in the contract price. c = estimated percentage of the material component in the Contract Price. L_0, L_1 = *labor indices applicable to the appropriate industry in the country of origin on the base date and date for adjustment, respectively. M_0, M_1 = *material indices for the major raw material on the base date and date for adjustment, respectively, in the country of origin. The Bidder shall indicate the source of the indices and the base date indices in its bid. The coefficients a, b, and c as specified by the Purchaser are as follows: a = [insert value of coefficient] b = [insert value of coefficient] c = [insert value of coefficient] Base date = thirty (30) days prior to the deadline for submission of the bids. Date of adjustment shall be the the mid-point of the period of manufacture. The above price adjustment formula shall be invoked by either party subject to the following further conditions: (a) No price adjustment shall be allowed beyond the original delivery dates. As a rule, no price adjustment shall be allowed for periods of delay for which the Supplier is entirely responsible. The Purchaser will, however, be entitled to any decrease in the prices of the Goods and Services subject to adjustment. (b) If the currency in which the Contract Price $P0$ is expressed is different from the currency of origin of the labour and material indices, a correction factor will be applied to avoid incorrect adjustments of the Contract Price. The correction factor shall be Z_0/Z_1, where Z_0 = the number of units of currency of origin of the indices which equal to one unit of the currency of the Contract Price on the Base Date; and Z_1 = the number of units of currency of origin of the indices which equal to one unit of the currency of the Contract Price on the Date for Adjustment. (c) No price adjustment shall be payable on the portion of the Contract Price paid to the Supplier as advance payment.
