

OXFAM

Call for Expressions of Interest (CEI)

Purpose: Selection of companies and suppliers for the Oxfam in Chad database

Publication date: [April 2, 2025]

Oxfam in Chad is launching a Call for Expressions of Interest to update its supplier database in the following areas:

1. Consultants

Project Evaluation: Seeking specialized consultants to

conduct qualitative and quantitative evaluations of projects, analyzing their impact, effectiveness, and lessons learned in order to optimize intervention strategies.

Research and Study: Selection of professionals capable of proposing innovative solutions in conflict sensitivity, gender, protection risk, natural resource management, climate change, value chain, working with the private sector, land, environmental impact, etc. for the implementation of projects adapted to local contexts.

2. Printing and Audiovisual Content

Printing Services for Various Media: Provision of Services

Printing for a variety of media, including brochures, posters, and other promotional materials, ensuring optimal print quality and on-time delivery

3. Construction and Renovation of Buildings

Construction, Rehabilitation of Various Infrastructures and Developments: Expertise required to carry out construction and rehabilitation projects for civil engineering and sanitation infrastructure, meeting safety and sustainability standards, as well as the specificities of local needs.

4. Boreholes and Irrigation Systems

Construction of Boreholes and Installation of Irrigation Systems:

Provision of services for the construction of boreholes and the installation of efficient irrigation systems to improve access to drinking water and agriculture in rural areas.

Construction of Drinking Water Supply Systems: System

set up for the supply of drinking water in rural and urban areas.

5. Energy and Electricity

Supply and Installation of Renewable Energy Solutions and Electrical Systems:
Seeking partners specialized in the design, supply, and installation of renewable energy systems, contributing to energy autonomy and reducing the carbon footprint

Supplies of Grundfos and Lorentz pumps

6. Supply of food and fortified flours

Supply of food for assistance programs

: Agreements with suppliers to ensure a regular and quality supply of food for general food distributions;

Supply of fortified flours: Agreements with

fournisseurs.se to ensure a regular and quality supply certified by a recognized structure of fortified flour for infants and pregnant and/or breastfeeding women

7. Supply of agricultural inputs and equipment

Supply of market gardening and rain-fed seeds adapted to local conditions:
Partnerships with seed producers to provide varieties adapted to local climatic and agronomic conditions, thus supporting sustainable agriculture and food security.

Supply of agricultural tools and small agro-silvopastoral production equipment:
Search for suppliers of agricultural, livestock, and fishing equipment

Supply of plant materials: Search for approved nurserymen

in the provinces of Lac, Barh El Gazal, Ouaddaï and the southern provinces for the supply of fruit trees, ordinary seedlings for reforestation

8. Sale of Livestock Feed and Zootechnical Products

Supply of complete zootechnical products that comply with health standards, including equipment and supplies necessary for animal health.

Pharmacies

Veterinarians

Supply of specific medicines and supplies for veterinary care, with a commitment to complying with regulatory standards for animal health. Livestock Feed Bank: Supply of agro-industrial by-products for animal feed.

9. Garages

Repair Services for Vehicles and Generators: Search

for garages offering maintenance and repair services for vehicles and generators, guaranteeing rapid response and quality service.

10. Catering Services

Provision of Catering Services for Events and Programs: Selection of competent caterers to provide quality catering services at events and for specific programs, with varied options adapted to different dietary requirements.

11. Transport and Vehicle Rental

Freight and passenger transportation services, vehicle rental: Collaboration with providers capable of offering reliable and secure transportation services, as well as vehicle rental for the organization's logistical needs.

12. Stationery and office supplies

Supply of various stationery products, including essential items such as paper, notebooks, envelopes, and other office supplies. Suppliers must guarantee product quality and a diverse offering tailored to organizational needs

13. Office Furniture

Supply of ergonomic and functional office furniture, including desks, chairs, storage systems, and accessories. Emphasis will be placed on designer solutions adapted to a collaborative work environment.

14. Furnitures kit NFI (Non Food Items)

Selection and supply of non-food kits including items

intended for humanitarian support and emergency response. These kits must be complete, adapted to the specific needs of beneficiaries, and comply with international quality standards.

15. Cleaning Products

Supply of household and professional cleaning products, including cleaners, disinfectants, and cleaning materials. Suppliers must offer environmentally friendly solutions adapted to different work environments.

16. Hardware

Sale of tools, fastening materials, and other hardware items necessary for maintenance and repairs. Suppliers must guarantee the durability and reliability of their products for professional use.

17. IT Maintenance and Consumables

Providing maintenance services for IT equipment and supplying consumables such as ink cartridges, cables, and peripherals. Suppliers must offer fast and efficient service to minimize downtime

18. Waste Management

Waste management solutions including recycling and waste treatment. Partners must demonstrate environmentally friendly and efficient practices to maximize sustainability and reduce environmental impact.

19. Refrigeration and Air Conditioning Equipment Maintenance

Preventive and corrective maintenance services for refrigeration and air conditioning equipment, ensuring their proper operation and compliance with safety and energy efficiency standards.

20. Plumbing Maintenance and Consumables

Provision of maintenance services for plumbing systems and sale of associated consumables. Suppliers must offer proven technical expertise and high-quality products. HDPE pipes for drinking water supply networks.

1. Objective: The objective of this CEI is to select qualified companies and suppliers capable of meeting the diverse needs of Oxfam in Chad in N'Djamena. Successful companies will be included in our database and may be solicited for future contracts.

2. Selection Criteria: Applicants must meet the following criteria:

Demonstrate relevant experience in the relevant field.

Provide references from previous projects or satisfied clients

Submit legal business registration documents, if applicable. (Valid business license; trade register, etc.)

Have adequate technical and human resources. (Staff list and CVs for technical staff; list of materials and equipment, etc.)

Comply with the tax and regulatory obligations in force in Chad (NIF, 2025 tax exemption certificate; 2025 business license; non-bankruptcy certificate less than three months old; etc.)

3. Application File: Interested candidates must submit an application including:

A letter of intent specifying the area of expertise.

A presentation of the company (history, services offered, etc.).

References of similar projects completed.

The required certificates and legal documents. (See point 2. Criteria)

4. Submission of applications: Applications must be sent to the following address before [May 4, 2025]: [Oxfam office located in the Sabangali district]

5. Additional information: For any questions or requests for additional information, please contact the email address mentioned below.

6. Timeline:

Publication of the CEI: [April 2, 2025]

Deadline for submission of applications: [May 4, 2025]

Selection of suppliers: [May 28, 2025]

Notification of successful suppliers: [June 10, 2025]

7. Final provisions: This call for expressions of interest does not constitute a commitment to award contracts. A formal tendering process will be established for successful suppliers based on specific needs. Oxfam encourages all interested companies to participate in this initiative and contribute to improving the living conditions of people in Chad

Questions/Requests for Clarification:

If a bidder has any questions regarding this Request for Proposal (RFP), please contact us by email: procurement.chad@oxfam.org

OXFAM

Appel à Manifestation d'Intérêt (AMI)

Objectif : Sélection d'entreprises et de fournisseurs pour la base de données d'Oxfam au Tchad

Date de publication : [2 avril 2025]

Oxfam au Tchad lance un appel à manifestation d'intérêt pour mettre à jour sa base de données de fournisseurs dans les domaines suivants :

1. Consultants

Évaluation de projets : Recherche de consultants spécialisés pour

réaliser des évaluations qualitatives et quantitatives de projets, analyser leur impact, leur efficacité et les enseignements tirés afin d'optimiser les stratégies d'intervention.

Recherche et Études : Sélection de professionnels capables de proposer des solutions innovantes en matière de sensibilité aux conflits, de genre, de risques de protection, de gestion des ressources naturelles, de changement climatique, de chaîne de valeur, de collaboration avec le secteur privé, de foncier, d'impact environnemental, etc., pour la mise en œuvre de projets adaptés aux contextes locaux.

2. Impression et contenu audiovisuel

Services d'impression pour divers supports : Prestations de services

Impression pour divers supports, notamment brochures, affiches et autres supports promotionnels, garantissant une qualité d'impression optimale et une livraison dans les délais.

3. Construction et rénovation de bâtiments

Construction, réhabilitation d'infrastructures et d'aménagements divers : Expertise requise pour la réalisation de projets de construction et de réhabilitation d'infrastructures de génie civil et d'assainissement, dans le respect des normes de sécurité et de durabilité, ainsi que des spécificités locales.

4. Forages et systèmes d'irrigation

Construction de forages et installation de systèmes d'irrigation :

Prestations de services pour la construction de forages et l'installation de systèmes d'irrigation performants afin d'améliorer l'accès à l'eau potable et l'agriculture en zones rurales.

Construction de systèmes d'approvisionnement en eau potable : Système mis en place pour l'approvisionnement en eau potable en zones rurales et urbaines.

5. Énergie et Électricité

Fourniture et installation de solutions d'énergies renouvelables et de systèmes électriques : Recherche de partenaires spécialisés dans la conception, la fourniture et l'installation de systèmes d'énergies renouvelables, contribuant à l'autonomie énergétique et à la réduction de l'empreinte carbone.

Fourniture de pompes Grundfos et Lorentz.

6. Fourniture de denrées alimentaires et de farines enrichies.

Fourniture de denrées alimentaires pour les programmes d'aide.

Accords avec des fournisseurs pour assurer un approvisionnement régulier et de qualité en denrées alimentaires pour les distributions alimentaires générales.

Fourniture de farines enrichies : Accords avec

fournisseurs.se pour assurer un approvisionnement régulier et de qualité, certifié par une structure reconnue, en farine enrichie pour les nourrissons et les femmes enceintes et/ou allaitantes.

7. Fourniture d'intrants et d'équipements agricoles.

Fourniture de semences maraîchères et pluviales adaptées aux conditions locales. Partenariats avec des producteurs de semences pour fournir des variétés adaptées aux conditions climatiques et agronomiques locales, favorisant ainsi une agriculture durable et la sécurité alimentaire.

Fourniture d'outils agricoles et de petits équipements de production agro-sylvo-pastorale : Recherche de fournisseurs de matériel agricole, d'élevage et de pêche

Fourniture de matériel végétal : Recherche de pépiniéristes agréés

dans les provinces du Lac, du Barh El Gazal, du Ouaddaï et des provinces du Sud pour la fourniture d'arbres fruitiers et de plants ordinaires destinés au reboisement.

8. Vente d'aliments pour bétail et de produits zootechniques

Fourniture de produits zootechniques complets conformes aux normes sanitaires, incluant les équipements et fournitures nécessaires à la santé animale.

Pharmacies

Vétérinaires

Fourniture de médicaments et de fournitures spécifiques pour les soins vétérinaires, avec engagement de conformité aux normes réglementaires en matière de santé animale. Banque d'aliments pour bétail : Fourniture de sous-produits agro-industriels pour l'alimentation animale.

9. Garages

Services de réparation de véhicules et de groupes électrogènes : Recherche de garages proposant des services d'entretien et de réparation de véhicules et de groupes électrogènes, garantissant une intervention rapide et un service de qualité.

10. Services de restauration

Prestation de services de restauration pour événements et programmes : Sélection de traiteurs compétents pour des prestations de qualité lors d'événements et de programmes spécifiques, avec des options variées adaptées aux différents régimes alimentaires.

11. Transport et location de véhicules

Services de transport de marchandises et de passagers, location de véhicules : Collaboration avec des prestataires capables d'offrir des services de transport fiables et sécurisés, ainsi que la location de véhicules pour les besoins logistiques de l'organisation.

12. Papeterie et fournitures de bureau

Fourniture de divers produits de papeterie, y compris des articles essentiels tels que du papier, des cahiers, des enveloppes et autres fournitures de bureau. Les fournisseurs doivent garantir la qualité des produits et une offre diversifiée adaptée aux besoins de l'organisation.

13. Mobilier de bureau

Fourniture de mobilier de bureau ergonomique et fonctionnel, comprenant des bureaux, des chaises, des systèmes de rangement et des accessoires. L'accent sera mis sur des solutions design adaptées à un environnement de travail collaboratif.

14. Kit de fournitures NFI (Articles non alimentaires)

Sélection et fourniture de kits non alimentaires, y compris des articles destinés à l'aide humanitaire et aux interventions d'urgence. Ces kits doivent être complets, adaptés
