REQUEST FOR EXPRESSIONS OF INTEREST  
SUPPLY OF PHOTOVOLTAIC SYSTEMS FOR NAWASA FACILITIES

The National Water and Sewerage Authority (NAWASA) has commenced the implementation of projects under Component Four (4) of the GRENADA CLIMATE RESILIENT WATER SECTOR (G-CREWS) Project which is funded by GREEN CLIMATE FUND (GCF) through a local branch of the German Development Agency Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH.

This project supports the integration of climate-resilience into Grenada's water sector by improving NAWASA's water storage capacity, that will ensure sound and climate-responsive regulation of water resource management and will eventually lead to a strengthened institutional and regulatory system for climate-responsive planning and development.

The purpose of this Request for Quotations is to procure three (3) photovoltaic systems for integration into three (3) of NAWASA's operational facilities across Grenada for the reduction of energy consumption.

NAWASA requests eligible bidders to submit their Expression of Interest to [projects@nawasa.gd](mailto:projects@nawasa.gd); [tlabarrie@nawasa.gd](mailto:tlabarrie@nawasa.gd) no later than 4:30 pm (16:30 hours) Eastern Caribbean time on October 18th, 2024. Please make the subject line of your e-mail communication: "EOI – Supply of Photovoltaic systems for NAWASA facilities.

Bidders are advised that they are not required to submit any technical or price offer, or any unrequested documents. Kindly note that the completed tender document package, with all relevant information for the offer, will only be issued to qualified consultants that express an interest in this project.

NAWASA will inform all companies that submitted EOIs at the conclusion of the evaluation process whether they qualify for the tendering process.

Expressions of Interest should at minimum include the following:

Letter of expression of interest

Company name and profile

General experience in the supply of Solar PV systems

NAWASA.... committed to meeting customers' needs
