Description: Partnership Projects will support collaborations, within the Australian context, that translate research evidence into health policy and health practice, to improve health services and processes.

The objectives of the Partnership Project scheme are to:

- meet the need for more effective integration of research evidence into health policy and service delivery
- create partnerships among policy makers, managers, service providers and researchers
- provide support to answer often complex and difficult questions that policy makers, managers and service providers face when making decisions and implementing policies that affect Australians health and health care
- be highly responsive to the priorities of government, the community and health professionals
- enable applicants to apply for funding at any time during the year to allow researchers and Partner Organisations

to develop timely collaborations.

Eligibility: Applications will only be accepted from NHMRC approved Administering Institutions. A list of NHMRC approved Administering Institutions is available at: <https://www.nhmrc.gov.au/funding/manage-your-funding/nhmrc-funding/administering-institutions>

Applications must satisfy all the requirements set out in the Partnership Projects 2024 Guidelines.
