Title:- Public service contract-Comprehensive environmental assessment of Vocational Training Centres in the West Bank

About Enabel

Enabel is the Belgian development agency. It implements Belgium's governmental cooperation. The agency also works for other national and international donors. With its partners in Belgium and abroad, Enabel offers solutions to address pressing global challenges - Climate Change, Urbanisation, Human Mobility, Peace and Security, Economic and Social Inequality - and to promote Global Citizenship. With 2,000 staff, Enabel manages about 170 projects in twenty countries, in Belgium, Africa and the Middle East.

Lot 1: The implementation of a detailed **energy audit** for each concerned building (including equipment and building envelope), combining theoretical calculations and on-site tests and measurements, and formulating proposals of improvement of energy performance.

Lot 2: The implementation of a comprehensive **water cycle audit** of each building, including the freshwater consumption, pre-treatment, storage, grey and black waters post-treatment, measurement of degree of pollution at exit, potential current reuse and recycling, as well as the rainwater drainage and potential existing harvesting measures, and formulating proposals of improvement.

Lot 3: A **solid waste** audit, including an analysis of current practices, measurement of quantities and types of waste, potential current sorting and recycling practices, and formulating proposals of improvement.

Lot 4: Carrying out an **assessment of the infrastructure and equipment needs** of each VTC, studying the adequacy of the premises for training, the needs of upgrading, retrofitting and possibly extension (related to opening new green professions or mitigating crowdedness), replacement/maintenance of equipment or additional equipment to be provided.

Lot 5: A climate change and environmental **awareness assessment**, using a Knowledge, Attitude and Practices survey, before and after the implementation of the audits and greening measures, and formulating proposals which may contribute to further reinforce awareness of users.
