## Description

### [AIIB Invitation for Bid] Data Governance Tool

The Asian Infrastructure Investment Bank (AIIB) would like to invite for bid (IFB) from eligible and reputable firm to deploy a Data Governance tool in order to enable automated data discovery, comprehensive data cataloging, end-to-end data lineage tracking, and enhanced data quality management. The objective of this project is to procure necessary subscriptions, implementation and support services for 3 years in Beijing, China.

For details, please click the button “Respond” to view the IFB documents in the system.
