Tender details

The topic:

Supply, installation and operation of the automatic landing gear for runways 15 and 33 at Doha International Airport

Reference number:

2025/Tender/0007

Publication date:

May 21, 2025

Tender purchase amount:

8,000 QAR

Project Brief:

The two automatic landing devices at Doha International Airport have been installed and operated for (15) years and have exceeded their expected lifespan, which may expose them to failure at any time, causing obstruction and delay in the landing movement of aircraft, especially in bad weather conditions on which aircraft depend completely (fog - rain - wind). Therefore, they must be replaced with modern devices to ensure the continuity and efficiency of air operations.

Closing date:

Jul-6-2025 02:30 PM

According to local time

Temporary insurance value:

800,000 QAR

Address: 7GQW+6QP, Doha, Qatar
