The request for clarification and the response shall be in writing and no change in prices or substance of the tender shall be sought, offered or permitted. In a tender, either the authorized dealer on behalf of the principle/ OEM and the Principal/OEM itself can bid but both cannot bid simultaneously for the same item/product in the same tender along with submission of same MAF. Further, If the Principal/ OEM is not participating directly in the tender then the specific reasons should be mentioned in the MAF as per the Section XIII Page No.48.

22. Preliminary Examination: The Purchaser will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order. Tenders from Agents, without proper authorization from the manufacturer as per **Section XIII**, shall be treated as non-responsive.

22.1.1 The Purchaser may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such a waiver does not prejudice or affect the relative ranking of any Tenderer.

Prior to the detailed evaluation, pursuant to ITB Clause 23, the Purchaser will determine the substantial responsiveness of each tender to the tender documents. For purposes of these Clauses, a substantially responsive tender is one which conforms to all the terms and conditions of the tender documents without material deviations. 23. Evaluation and Comparison of Tenders.

Bidders have to participate in all the item. To do so, they must remit the (EMD) and upload the necessary documents outlined in the Qualification criteria as per Section-VII failing which their bids will be treated as Non Responsive. The purchaser will evaluate the tenders as per procedure laid down in the KTPP Act 1999 and Rules 2000. If the L-1 rate quoted by the bidder is unscientific/unreasonable, in the interest public health and administration, the purchaser has right to select the next lowest bidders, if the rate quoted by the next lowest bidder is reasonable. The decision of the purchaser shall be final and binding upon all the bidders. As this is rate contract tender the purchaser reserves the right to place the supply order as and when required subjected to availability of the budget, and financial bid validity period i.e., upto 31st March 2025. After due evaluation of the bid(s) the District TB Officer, Belagavi will award the contract to the lowest evaluated responsive tenderer, Conditional bid will be treated as nonresponsive and will be rejected. If more than one bidder is quoted the same rate in the financial bid, then the tender accepting authority has right to select the L1 bidder based on the last three financial years consolidated highest turnover. The decision of the purchaser shall be final and binding upon all the bidders. (The bidder must qualify in both the sample evaluations and the technical bid criteria) failing which their bids will be treated as Non-Responsive) The Tender Scrutiny Committee as appointed by the TAA of DH&FWS, Belagavi is empowered to evaluate and recommend the tenders as responsive in accordance with the terms of reference and the terms and conditions of the tender in accordance with the KTPP Act 1999 & 2000. The Tender Accepting Authority shall be the Competent Authority' to accept the recommendation of the tender scrutiny committee pertaining to acceptance or rejection of the tender. The Purchaser will evaluate and compare the tenders which have been determined to be substantially responsive, pursuant to ITT Clause 22 for each schedule separately. No tender will be considered if the complete requirements covered in the schedule is not included in the tender. However, as stated in ITT Clause 9, Tenderers are allowed the option to tender for any one or more schedules and to offer discounts for combined schedules. These discounts will be taken into account in the evaluation of the tenders so as to determine the tender or combination of tenders offering the lowest evaluated cost for the Purchaser in deciding award(s) for each schedule. The Purchaser's evaluation of a tender will take into account, in addition to the tender price (Ex- factory/ex-warehouse/off-the-shelf price of the goods offered from within India, such price to include all costs as well as duties and taxes paid or payable on components and raw material incorporated or to be incorporated in the goods, and Excise duty on the finished goods, if payable) and price of incidental services, the following factors, in the manner and to the extent indicated in ITT Clause 23.4 and in the Technical Specifications:

cost of inland transportation, insurance and other costs within India incidental to the delivery of the goods to their final destination;

- (a) delivery schedule offered in the tender;
- (b) deviations in payment schedule from that specified in the Special Conditions of Contract;
- (c) the cost of components, mandatory spare parts and service;
- (d) the availability in India of spare parts and after-sales services for the goods / equipment offered in the tender;
- (e) the projected operating and maintenance costs during the life of the equipment; and
- (f) the performance and productivity of the equipment offered.

Pursuant to ITT Clause 23.3, one or more of the following evaluation methods will be applied:

(a) *Inland Transportation, Insurance and Incidentals:*

- (i) Inland transportation, insurance and other incidentals for delivery of goods to the final destination as stated in ITT Clause 9.2 (iii).

The above costs will be added to the tender price.

(b) *Delivery Schedule:*

- (i) The Purchaser requires that the goods under the Invitation for Tenders shall be delivered at the time specified in the Schedule of Requirements. The estimated time of arrival of the goods at the project site should be calculated for each tender after allowing for reasonable transportation time. Treating the date as per schedule of requirements as the base, a delivery "adjustment" will be calculated for other tenders at 2% of the ex-factory price including excise duty for each month of delay beyond the base and this will be added to the tender price for evaluation. No credit will be given to earlier deliveries and tenders offering delivery beyond 3 months of stipulated delivery period will be treated as unresponsive.

(c) *Deviation in Payment Schedule:*

The Special Conditions of Contract stipulate the payment schedule offered by the Purchaser. If a tender deviates from the schedule and if such deviation is considered acceptable to the Purchaser, the tender will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the tender as compared to those stipulated in this invitation, at a rate of 4 percent per annum.

(d) *Cost of Spare Parts:*

- (i) Appendixto the Technical Specifications lists the items and quantities of major assemblies, components and selected items of spare parts, likely to be required during the initial.....year period of operation of the plant. The total cost of these items and quantities at the unit prices quoted in each bid will be added to the tender price.

OR

- (ii) The Purchaser will draw up a list of high usage and high value items of components and spare parts along with estimated quantities of usage in the initial year period of operation. The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Tenderer and added to the tender price.

OR

- (iii) The Purchaser will estimate the cost of spare parts usage in the initial year period of operation, based on information furnished by each tenderer as well as on past experience of the Purchaser or other Purchasers in similar situations. Such costs shall be added to the tender price for evaluation.

- (e) *Spare Parts and After Sales Service Facilities in India:*
The cost to the Purchaser of establishing the minimum service facilities and parts inventories, as outlined elsewhere in the tender documents, if quoted separately, shall be added to the tender price.
- (f) *Operating and Maintenance Costs:*
Since the operating and maintenance costs of the equipment under procurement form a major part of the life cycle cost of the equipment, these costs will be evaluated as follows:
 - (i) fuel costs shall be based on kms/hours of operation per year for years at a fuel price of Rs.
 - (ii) spare parts costs shall be based on kms/hours of operation based on the guaranteed figures provided by the Tenderer in response to of the Technical Specifications or based on past actual figures for similar equipment already in use with the Purchaser; and
 - (iii) all future costs will be discounted to present value at a discount factor of .10 percent.
- (g) *Performance and Productivity of the Equipment:*
 - (i) Tenderers shall state the guaranteed performance or efficiency in response to the Technical Specification. For each drop in performance or efficiency below the norm of 100, an adjustment of Rs. will be added to the tender price, representing the capitalized cost of additional operating costs over the life of the plant using the methodology specified in the Technical Specifications; OR
 - (ii) Goods offered shall have a minimum productivity specified under the relevant provisions in Technical Specifications to be considered responsive. Evaluation shall be based on the cost per unit of the actual productivity of goods offered in the bid and adjustment will be added to the tender price using the methodology specified in the Technical Specifications.

24. Contacting the Purchaser

Subject to ITT Clause 21, no Tenderer shall contact the Purchaser on any matter relating to its tender, from the time of the tender opening to the time the Contract is awarded. If the tenderer wishes to bring additional information to the notice of the purchaser, it should do so in writing.

Any effort by a Tenderer to influence the Purchaser in its decisions on tender evaluation, tender comparison or contract award may result in rejection of the Tenderer's tender.

F. Award of Contract

25. Post qualification

In the absence of prequalification, the Purchaser will determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated responsive tender meets the criteria specified in ITT Clause 11.2 (b) and is qualified to perform the contract satisfactorily.

The determination will take into account the Tenderer's financial, technical and production capabilities. It will be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT Clause 11, as well as such other information as the Purchaser deems necessary and appropriate.

An affirmative determination will be a prerequisite for award of the Contract to the Tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event the Purchaser will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform the contract satisfactorily.

26. Award Criteria

Subject to ITT Clause 23, 28, the Purchaser will award the Contract to the successful Tenderers whose tender has been determined to be substantially responsive and has been determined as the lowest evaluated tender, provided further that the Tenderer is determined to be qualified to perform the Contract satisfactorily.

27. Purchaser's right to vary Quantities at Time of Award

The Purchaser reserves the right at the time of Contract award to increase or decrease by up to 25 percent of the quantity of goods and services originally specified in the Schedule of Requirements without any change in unit price or other terms and conditions.

28. Purchaser's Right to Accept Any Tender and to Reject Any or All Tenders

The Purchaser reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected Tenderer or Tenderers.

29. Notification of Award

Prior to the expiration of the period of tender validity, the Purchaser will notify the successful tenderer in writing by registered letter or by email, to be confirmed in writing by registered letter, that its tender has been accepted.

The notification of award will constitute the formation of the Contract.

Upon the successful Tenderer's furnishing of performance security pursuant to ITT Clause 31, the Purchaser will promptly notify the name of the winning Tenderer to each unsuccessful Tenderer and will discharge its earnest money deposit, pursuant to ITT Clause 13.

If, after notification of award, a Tenderer wishes to ascertain the grounds on which its tender was not selected, it should address its request to the Purchaser. The Purchaser will promptly respond in writing to the unsuccessful Tenderer.

30. Signing of Contract

At the same time as the Purchaser notifies the successful tenderer that its tender has been accepted, the Purchaser will send the Tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

Within 7 days of receipt of the Contract Form, the successful Tenderer shall sign and date the Contract and return it to the Purchaser.

31. Performance Security

Within 7 days of the receipt of notification of award from the Purchaser, the successful Tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents or in another form acceptable to the Purchaser.

Failure of the successful Tenderer to comply with the requirement of ITT Clause 30.2 or ITT Clause 31.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the earnest money deposit, in which event the Purchaser may make the award to the next lowest evaluated Tenderer or call for new tenders.

32 Corrupt or Fraudulent Practices

The Government requires that Tenderers/ Suppliers/ Contractors observe the highest standard of ethics during the procurement and execution of Government financed contracts. In pursuance of this policy, the Government

- (b) will reject a proposal for award if it determines that the Tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;
- (c) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a Government financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government-financed contract.

Furthermore, Tenderers shall be aware of the provision stated in sub-clause 4.4 and sub-clause 23.1 of the General Conditions of Contract.
