EOI - Collection of Mulched Green Garden Waste

Expressions of Interest:

Collection of Mulched Green Garden Waste and Provisional Crushed Plasterboard/Gypsum for Re-use Purposes

Wagga Wagga City Council invites submissions from contractors for the collection and off-site reuse of mulched green garden waste and, optionally, crushed unpainted plasterboard/gypsum from the Gregadoo Waste Management Centre (GWMC).

This EOI seeks to identify interested parties who can provide suitable off-site reuse solutions for:

Approximately 3,000 tonnes (based on FY 2023/2024 data) of mulched green garden waste.

Optionally, crushed unpainted plasterboard/gypsum material.

Mulched Green Garden Waste: Predominantly pruning, clippings, and leaves, processed quarterly into 50mm organic mulch.(Product is separated from other waste types).

Crushed Plasterboard/Gypsum (Optional): Unpainted material, separated and crushed, stockpiled for potential collection.

Collection Requirements:

Contractors must collect and transport the material off-site using their own equipment.

Council will load vehicles at no cost to the contractor.

Collection must occur within agreed timeframes as arranged with Council.

Submission Details:

Interested parties are invited to submit their EOI outlining:

Proposed reuse/end-use of materials

Transport capabilities

Any interest in collecting the optional gypsum/plasterboard

Availability to commence collection and frequency

Please submit your Expression of Interest to:

Procurement@wagga.gov.nsw.au

Deadline: 22nd May 2025

Please note, no formal contract will be established through this EOI process. Council is seeking expressions of interest only and reserves the right to proceed or not proceed with any offers submitted.
