III. SELECTION AND AWARD CRITERIA

The criteria for awarding contracts resulting from this Tender is based on 'best value for money'. For the purpose of all tenders DRC defines best value for money as:

Best value for money should not be equated with the lowest initial bid option. It requires an integrated assessment of technical, organizational and pricing factors in light of their relative importance (i.e., reliability, quality, experiences, and reputation, past performance, cost/fee realism, delivery time, reasonableness, need for standardization, and other criteria depending on the item to be procured).

For all bids deemed technically compliant as per the specification stipulated in Annex F - Terms of Reference (TOR), DRC will give a weighted combined technical and financial score. The weighted score will determine the contract award.

A. Administrative Evaluation

A bid shall pass the administrative evaluation stage before being considered for technical and financial evaluation. Bids that are deemed administratively non-compliant may be rejected. Documents listed below shall be submitted with your bid.

#	Annex #	Document	Instructions
1	A.1	Bid Form (Technical)	Complete ALL sections in full, signed and submit

Please note that this is only applicable for documentation that does not alter the details in the bid, such as price information.

B. Technical Evaluation

To be technically acceptable, the bid shall meet or exceed the stipulated requirements and specifications in the RFP. A Bid is deemed to meet the criteria if it confirms that it meets the

conditions, procedures and specifications in the RFP without substantially departing from or attaching restrictions with them. If a Bid does not technically comply with the RFP, it will be rejected. Documents below should be submitted with your bid:

Technical criteria #	Technical criteria	Technical criteria breakdown	Weighting
1	Technical qualifications (50 %) (Documented with the filled-out Supplier Registration Form and a list of at least one similar assignment executed, including sample(s), relevant CVs)	Proven experience in web design & user experience	(30%)
