

EXPRESSION OF INTEREST SUPPLY OF MILK COOL STORAGE TANK

The Ministry of Agriculture and Waterways (MOAW) invites reputable companies to submit their Expression of interest for supplying the following Equipment under the Dairy Extension Program.

1. Milk Cooling Storage Tank

1.1 Specification

- Name – Milk Cooling Storage Tank:- 500L milk cooling tank 1000L milk cooling
- Material – SUS304
- Shape - Vertical type Horizontal type
- Thickness - Inner 2.0mm + Jacket 1.5mm & Outer 2.0mm
- Compressor - power 2Hp 4Hp
- Mixer speed - 30-35r/min 30-35r/min
- Mixer power 0.37kw
- Voltage 240vv,
- Refrigerant R22
- Dimension – 1450*1000*1100mm
- Weight – 250 kg
- Cooling Temperature - 4 Degrees
- Minimum Order Quantity – 2

Usage

Milk cooling tank is mainly used in preserving and storing fresh milk, to refrigerate and retain freshness, prevent bacterial breed.

Component parts

Cooling tank is mainly composed of a tank, agitator, refrigeration plates, breathing holes

Cleaning Material

SS304 outer layer and SS304 food grade inner layer, resistance to high temperature and Corrosion. The thermal-protective coating is filled with polyurethane insulation foam. The thickness of insulation foam is 60-80mm.

Cooling system

Consists of refrigeration compressor units and refrigeration plates, which guarantee an excellent refrigerated effect. Temperature: about 3°C

Agitator

Consists of a motor, reducer and stirring device. The agitator is connected to the tank by a flange, and driven by a turbine reducer.

The companies should submit the following in their EOI's:

1. Cost of Machines

2. Company Registration Documents
3. TIN Letter
4. VAT Registration
5. Valid Bank Account Details
6. FNFP/FRCS Compliance
7. Expected Time of Delivery for Machines
8. Payments conditions required

EOI form can be collected from the MOAW Vatuwaqa office or soft copies can be available on request by emailing knoagaga@yahoo.com Sealed application for EOI should be dropped off in the EOI box located at:

**Ministry of Agriculture & Waterways
Animal Health & Production Division
Toa Street
Vatuwaqa.**

Marked as:

“DEP 01-2024/2025 EOI – SUPPLY OF MILK COOLING STORAGE TANK”

Closing Date: 4.00 pm Friday 28 March, 2025

LATE AND INCOMPLETE EOI'S WILL NOT BE CONSIDERED
