NATIONAL LEPROSY ELIMINATION PROGRAM

CALL FOR TENDER FOR THE SUPPLY OF MOTORCYCLES, LAPTOP COMPUTERS,  
PRINTERS, AND VIDEO PROJECTORS

Page 2 of 5

Background and Justification:

Neglected Tropical Diseases (NTDs) are a group of communicable diseases that occur in tropical and subtropical countries. These NTDs affect the poorest rural populations, plunging them into extreme poverty. Fourteen (14) of these NTDs are endemic in Côte d'Ivoire, twelve (12) of which are managed

by five health programs created by the Ministry of Health of Côte d'Ivoire.

One of the programmatic changes recommended by the WHO in the 2021-2030 roadmap is to move from siloed, disease-specific programs with limited interfaces with national health care systems and related sectors to cross-cutting approaches, including the integration of different NTDs and their inclusion in national health systems, coordination with related sectors, and strengthening country capacity and global support. To align intervention approaches with WHO recommendations, the NTD programs for cutaneous NTDs have developed an integrated three-year operational plan for 2023-2025, based on the NTD Master Plan for 2021-2025 and the Zero Leprosy Plan for 2021-2025. The objective of this plan is to reduce the morbidity, disability, and psychosocial impacts of cutaneous NTDs through an integrated, human-centered approach by strengthening the operational capacities of endemic health districts for screening, management, and case reporting. This call for proposals aims to identify a supplier for the acquisition of logistical and IT equipment for the coordination of activities at the operational level of the health system.

I. Use: The logistical and IT equipment will be used by health district NTD focal points for training and supervision of health district stakeholders.

II. Specifications of the equipment to be purchased

a. Lot 1:

Six (06) motorcycles

- Engine type: Single-cylinder, 4-stroke
- Single overhead camshaft, 2 valves
- Displacement (cc): 125
- Starting: Kickstart + electric starter
- Front suspension: Telescopic fork
- Front brake: Drum
- Rims: Spoked
- Transmission: 5 speeds
- Curb weight (kg): 106
- Fuel tank capacity:

Page 3 of 5

- Number of seats: 2

Six (06) motorcycle safety helmets

- Clear visor
- Removable cheek pads
- Anti-swirl flap and chin guard
- Vents at the chin and rear of the helmet
- Helmet approved in accordance with ECE 22.05 standard.
- Double D buckle

b. Lot 2

Six laptops

- Preferred brands: HP, Dell, Lenovo, Acer.
- Processor: 11th Gen Intel Core i5
- RAM: 8GB DDR4
- Hard Drive: 512GB SSD
- 14" FHD (1920x1080) TN 220nits Anti-glare Screen, 45% NTSC
- 100/1000M Ethernet (RJ-45)
- Wi-Fi 6, 11ax 2x2 + BT5.1
- WINDOWS 11 OS
- (21KG001EFR)
- USB, HDMI, and Optical ports
- Original French Azerty keyboard
- Accessories: Office 365 and Norton compatible

Six LCD projectors

- Preferred brand: Epson
- Display technology: DLP
- Features: Speakers
- Scan rate: 60
- HD format: XGA (1024x768) pixels
- Brightness: 3600
- Contrast Ratio 4:3
- Connections: Ethernet, Wi-Fi
- Number of HDMI Ports: 1
- Total Number of USB Ports: 2
- Optical Port: 1
- Speaker Connectivity: Wi-Fi, HDMI
- Compatible Devices: Desktops, Laptops, Tablets

Page 4 of 5

Six Inkjet Printers

- Multifunction Inkjet Printer
- Functions: Copy, Scan, Print, Wi-Fi
- Black & White
- Simple and Smart
- Ultra-Simple Setup
- Get Out of the Margin
- Compatible with Your Hardware
- Easy Ink Replacement
- Print Borderless
- Ink Cartridges: 1 Color / 1 Black
- User Manual 1
- Power Cable 1
- USB Cable for Computer Connection 1

III. Submission of Applications:

Interested legally constituted suppliers are invited to submit their application including:

- Trade register
- Up-to-date tax compliance certificate
- Letter of submission signed by the company manager
- Company presentation (profile, experience, references)
- Detailed technical and financial offer submitted excluding and including VAT
- Technical data sheets for the proposed equipment
- Payment method and terms

- Delivery conditions
- Warranty
- After-sales service
- Offer validity period.

#### IV. Terms of Submission:

The technical and financial bid package must be submitted in physical copies and electronically on a USB drive to the National Leprosy Elimination Program Directorate located at Riviéra Bonoumin, telephone number 0758714979, no later than May 9, 2025, at 5:00 PM.

All late or incomplete bids will not be considered.

#### V. Selection Criteria:

Applications will be evaluated according to the following criteria:

- Validity of the trade register

Page 5 of 5

- Validity of the tax compliance certificate
- Compliance of the proposed equipment with the sponsor's requirements/Technical data sheets of the proposed equipment
- Cost of the bid (excluding and including VAT)
- Payment method and terms
- Delivery conditions
- Warranty
- After-sales service
- Validity period of the bid.

#### VI. Selection, signing of purchase order, and delivery:

**Selection:** The selection will be made by a committee established for this purpose. It will be composed of project stakeholders. This committee may request external technical advice, without any form of deliberation, if necessary. The committee reserves the right to request any necessary information that may assist it in its decision-making. It reserves the right to conduct site visits to ensure the physical and legal existence of the supplier and the availability of equipment on site before awarding the contract.

**Purchase order:** The purchase order specifying the delivery deadline will be provided to the supplier after awarding the contract.

**Delivery:** All deliveries that are late or do not comply with the purchase order will not be accepted. The committee will not be liable for any damages caused during delivery.

**Note:** Suppliers not selected will not be contacted.
