

Consultation Notice No. 19/DMIM/IPA/2024 on the collection, transport and treatment by incineration of expired biological products generated by the activity of the Pasteur Institute of Algeria

July 25, 2024

In accordance with the provisions of Articles 9, 18 and 19 of the internal procurement procedure of the Pasteur Institute of Algeria, the Institute is launching a consultation on the collection, transport and treatment by incineration of expired biological products generated by the activity of the Pasteur Institute of Algeria.

This consultation is launched with state or national private companies approved for the treatment by incineration of biological products for medical use as well as for the collection and transport of this waste. Bidders must therefore have a valid **operating permit for a special and special hazardous waste treatment facility**, issued by the Ministry of the Environment and a valid **collection and transport permit or authorization for this type of waste** in accordance with the regulatory provisions in force or a submission form for the renewal of the permit.

Only bidders specializing in the field of this consultation, with the required legal, technical and financial **capacities** may participate.

The bidder must present at least one (01) certificate of proper performance of a similar service.

Any company interested in this consultation is invited to collect the specifications from the Secretariat of the Purchasing Commission at the Directorate of Means, Infrastructures and Maintenance, located at 01, Route du Petit Staoueli in Dely Ibrahim, Algiers, as soon as the consultation notice is published on the website of the Pasteur Institute of Algeria.

Tenders must include the documents provided for in the provisions of **Article 15** of the specifications. These tenders (application file, technical offer and financial offer) contained in three separate envelopes, must be submitted in a double sealed envelope to the Secretariat of the Purchasing Commission of the Pasteur Institute of Algeria, at the address indicated above.

The anonymous outer envelope must bear the following statement:

Consultation N°19/DMIM/IPA/2024

**“Collection, transport and treatment by incineration of expired biological products
generated by the activity of the Pasteur Institute of Algeria »**

The duration for preparing offers is set at **eight (08) days** from **07/25/2024**.

The deadline for submitting offers is **01/08/2024 before 10:00 a.m.**

The period of validity of the offers is set at **ninety-eight (98) days** from the date of submission of the offers.
