Expression of Interest - 01/2025

Design & Architectural Services – Naulu DRR Facility

The Fijian Broadcasting Corporation Pte Limited (FBC) invites Expressions of Interest (EOI) from qualified design and architectural firms for the design and planning of a Disaster Risk Resilience (DRR) facility. This facility will serve as an emergency broadcasting centre, ensuring uninterrupted radio and television services during natural disasters and pandemics, power outages, cyber-attacks, and other critical emergencies that may disrupt normal operations. The DRR facility will be located at FBC's property in Naulu.

Scope of Work

The selected firm will provide full design and architectural services, including:

- » Cyclone- and earthquake-resistant building design
- » Radio/TV studios, control rooms, and data centre layouts
- » Power backup (generators, solar energy) & IT infrastructure
- » Security, HVAC, fire safety, and sustainability integration

Submission Requirements

Interested firms must submit:

- Company profile & relevant experience
- Portfolio of similar projects
- Key personnel details & qualifications
- Project approach & methodology

Deadline & Contact

 **Submission Deadline: 4:00 PM, Friday, 25th April 2025**

 **Email: tender@fbc.com.fj**

 **Hand Delivery: FBC, 69 Gladstone Road**

 **Contact: Mr. Irfan Ali (+679 8937449)**

FBC reserves the right to accept or reject any submission.
