**SERVICE STC
SPECIAL TERMS AND CONDITIONS
FOR OPERATION AND MAINTENANCE OF ELECTRICAL SYSTEM/ELECTRICAL INSTALLATION**

1. Preamble

A. All Operation and Maintenance of Electrical System/ Electrical Installation Service contracts placed through GeM shall be governed by the following set of Terms and Conditions:

I. General terms and conditions for Goods and Services.
 II. Service STC contained in this document
 III. BID / Reverse Auction specific ATC

B. The above terms and conditions are in reverse order of precedence i.e. ATC supersedes Service specific STC which supersedes GTC, whenever there are any conflicting provisions.

C. This document represents the Special Terms and Conditions (STC) and the Service Level Agreement (SLA) governing the contract between the Buyer and Service Provider. The purpose of this document is to outline the scope of work, Stakeholder's obligation and terms and conditions of all services covered as mutually understood by the stakeholders.

2. Objectives and Goal

The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the buyer by the service provider. The goal of this document is to:

- Provide clear reference to service ownership, accountability, roles and responsibilities of both parties.
- Present a clear, concise and measurable description of services offered to the buyer.
- Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified.
- To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons.

This document will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same.

3. Stakeholders

The main stakeholders associated are:

- a. Buyer: The buyer is responsible to provide clear instructions, approvals and timely payments for the services availed as per the contractual terms.
- b. Service Provider: The service provider is responsible to provide all the required services in a timely manner and to the satisfaction of buyer or its authorized representative. The service provider may also include seller/ supplier/ bidder/ contractor, any authorized agents, assignees, successors and nominees as per the context and as described in the document.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and penalties in case of non-adherence to the defined terms and conditions.

4. Service Scope

4.1 Introduction

The Operation and Maintenance of Electrical System/ Electrical Installation and its machines and equipment are required by the buyers for smooth working and performance of the Electrical System/ Electrical Installation and its machines and equipment. The work will comprise of regular maintenance/preventive maintenance of various electrical equipments and machines as mentioned by the buyer in the bid documents.

The operations of Electrical System/ Electrical Installation and its machines and equipment will be as per the requirement of buyer and might be required round-the-clock.
