Publication Details		Description about the book	This book is a comprehensive guide to clinical anaesthesia for practitioners and trainees. Divided into eleven sections, the text begins with a general overview, followed by discussion on anaesthesia delivery systems, monitoring, and equipment. A complete section is dedicated to different drugs used in anaesthesia. The next section covers anaesthesia for different types of surgeries in various body systems. The remaining chapters detail more subspecialty-specific anaesthesia including cardiac, obstetric, neuro, paediatric, transplant, and regional. The book concludes with a section on postoperative care. Authored by highly experienced experts in the field, the text is further enhanced by illustrations and figures to assist learning. Key points Comprehensive guide to clinical anaesthesia for practitioners and trainees Covers numerous types of anaesthesia for different surgeries and body systems Includes sections on pharmacology and postoperative care Highly experienced, expert author team
