Publication Details	Description about the book	The Tempest is a play by English playwright William Shakespeare, probably written in 1610-1611, and thought to be one of the last plays that Shakespeare wrote alone. William Shakespeare (baptised 26 April 1564 - 23 April 1616) was an English poet and playwright, widely regarded as the greatest writer in the English language and the world's pre-eminent dramatist. He is often called England's national poet and the "Bard of Avon" (or simply "The Bard"). His surviving works consist of 38 plays, 154 sonnets, two long narrative poems, and several other poems. His plays have been translated into every major living language, and are performed more often than those of any other playwright.
