### Product Specification for GBC Cross Cut Paper Shredding Machines

| विनिर्देश   Specification           | उप-विनिर्देश   Sub-Spec   | मूल्य   Value                  |
|-------------------------------------|---|--------------------------------|
| Standards                           | Conformity to Standards   | ISO/DIN66399                   |
| Performance Parameters              | Type of Cut   | Cross Cut                      |
|                                     | Mode of Paper Shredding   | Automatic                      |
|                                     | Security Levels as per DIN66399   | P7                             |
|                                     | Conformity to Particle Size as per Standard DIN66399  | Yes                            |
|                                     | Shredding Size range for Straight Cut (mm)  | NA for cross cut and micro cut |
|                                     | Shredding Size for Cross Cut and Micro Cut (mm x mm)  | 5*42                           |
|                                     | Paper Size  | A4                             |
|                                     | Shredding Capacity (70 GSM, A4 Sheet) at one pass   | upto 20 sheets                 |
|                                     | Speed of Shredding (mm/min)   | 1.8                            |
|                                     | Noise Level at one meter distance in dB at the time of shredding  | 70                             |
|                                     | Input Power Supply  | three phase                    |
|                                     | Power Consumption (watts)   | 160                            |
|                                     | Duty Cycle (minutes)  | 3                              |
|                                     | Automatic stacking and Feed Facility  | No                             |
| Number of years of warranty         | 1   |                                |
| Dimensional and Material Parameters | Material of the Body  | Plastic Body                   |
|                                     | Capacity of Waste Bin (litres)  | 15                             |
|                                     | Material of Cutting Blade   | Special Steel Alloy            |
|                                     | Finish of body  | NA for Plastic body            |
|                                     | Material of waste bin   | ABS Plastic                    |
|                                     | Overall Dimensions (L x W x H in mmxmmxmm)  | 343 x 325 x 229                |
|                                     | Weight of Machine (kg)  | 4.17 kilogram                  |
| Additional Features                 | Stand-by LED Indication   | Yes                            |
|                                     | Length of Cable with 3-pin moulded Plug (meter)   | >=3                            |
|                                     | Overheat Protection   | No                             |
|                                     | Overload Protection   | No                             |
|                                     | Other Features , Special features if any  | Ideal for small office use     |
|                                     | Door Open Indication  | No                             |
|                                     | Paper misalignment indication   | No                             |
|                                     | Castor Wheel  | No-Wheel                       |
|                                     | Shred CD/CC   | Yes                            |
|                                     | Bin Full Indication   | Yes                            |
|                                     | Shred Credit card/Staples   | Yes                            |
| Reports                             | Availability of test reports from Central Govt. /NABL / ILAC accredited Lab covering all the parameters   | No                             |
|                                     | Name of Test lab  | NA                             |
